**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Our country is moving in a horrible direction of legislative monopolies! We need to have competition to help control price, quality, and options. We don't need more fees and price hikes that will increase the cost of internet and telephone services. I have fiber today and previously connected with competitive DSL. I not only have a full-time job away from my home, I am also an entrepreneur that depends on high speed internet. I always want to have options when it comes to my service providers.

Please don't screw this up!
